02 Biography.

Rasa Anaityte is a Lithuanian architect and photographer, who has been working in the field of architecture since 2011. She gained experience in offices as MVRDV, Dierendonck Blancke, OSAR and Radar architects. She holds a master of Science in Architecture, Urbanism and Building Sciences at the Delft University of Technology and a bachelor of Arts at the Vilnius Academy of Arts.

Nicolas Lebeer is a Belgian architect who has been working in the field of architecture since 2008. He gained experience working for HUB architects and managing complex strategic projects for a public tender in the city of Brussels. He holds a master in architecture at the Brussels Sint Lucas faculty for arts and science.

After an extensive period of collaborating in various architecture, urban and art competitions and small scale architecture projects Rasa and Nicolas founded Focal Point in 2020 to give this ongoing project a name. The work of focal point has been internationally published and exhibited.
